TechniCorder ISIO STC

Features

· ISIO internet technology: Access to media libraries, online video stores, apps and HbbTV

· watchmi: Your favorite programms integrally recorded into your personal TV channel in addition to more than 50 internet application channels to be downloaded simply from the TV programm list.
· Double-QuattroTuner: for dedicated reception of DVB-S, DVB-T and DVB-C including HDTV and interactif services via internet without complementary STB. You can watch one programm while recording a different one.
· XtraTuner: Extensible with complementary tuner modul for DVB-S, DVB-T or DVB-C
· HbbTV: Additional interactive services and additional information about the current channel via internet (if provided by your broadcaster)
· TV and Radio: Reception of all free digital TV and radio channels via cable TV
· „SiehFern INFO Plus" (SFI+): Free, convenient electronic programme information service (ePID)
· ISI Mode: Mode for easy TV watching without inadvertent adjustment with the remote control
· ISIPRO: Automatic channel list updating via satellite
· ISIPRO cable: Automatic information on changes to cable network channels
